

Lead-Intelligence Buyer Research

Signal-based prospect lists for skilled-trades & infrastructure recruiters

Objective. Validate a paid lead-intelligence product by identifying small-to-mid recruiting & staffing agencies that would pay for weekly, signal-based prospect lists — across Utah data-center, California fire/life-safety, California water/wastewater, power/grid/substation, and industrial automation niches.

What's in this set

File	Contents
01 — Strategy & Methodology	Who buys, why, what was up/down-ranked, scoring model, data rules
02 — Top 25 Buyer Targets	Full ranked data table with persona, evidence, offer, scores, sources
03 — Top 5 First-Contact Targets	Deep dive: fit, exact list to offer, pain point, 3 proof samples, who to contact
04 — Outreach Messages	LinkedIn message, cold email, follow-up — with the fixed CTA
05 — OpenClaw Prompt	Generate 3 proof sample accounts for one selected recruiter

Top 5 first-contact order

1 SOLID Personnel 2 Data Center TALNT 3 Bemana 4 Automationtechies 5 EPR Recruiting
